July 2014

Firework Reporting Requirements- Did You Know?

All hospitals, medical facilities, and private medical practices are mandated to report all fireworks injuries and deaths to ISDH to be published in an annual report.

Updated Fireworks Injury Reporting Form can be found here:
<http://www.state.in.us/isdh/19042.htm#Fireworks>

Forms can be submitted:

Fax: 317-233-8199 Attn: Injury Prevention Epidemiologist
Mail: Indiana State Department of Health
Attn: Injury Prevention Epidemiologist
2 N Meridian St., Indianapolis, IN 46204

Kids and Cars Do NOT mix

- In 10 minutes a car can increase 20 degrees

- A child's temperature can increase up to 5 times faster than an adult
- Even if it is 60 degrees outside the car can increase up to 110 degrees
- A child will die if his/her temperature reaches 107 degrees

To learn more about how to remember to get your child from the car and the source of the information above go to:

http://www.safercar.gov/parents/heatstroke.htm?utm_source=EMSC+QuickNews%3A+May+22%2C+2014&utm_campaign=EMSC+QuickNews%3A+April+24%2C+2014&utm_medium=email

Be in the Know...

Pediatric Disaster Triage: Doing the Most Good for the Most Patients in the Least Time

This disaster triage course will discuss how to recognize a disaster, the rationale for pediatric disaster triage, and common triage strategies applicable to disaster response. Application of the information through the use of several case studies and embedded quizzes will illustrate the concepts discussed in the training. You can earn continuing education for this.

Roll Model Program from NHTSA

Bicycle Safety Month has come and gone, but NHTSA's bicycle safety campaign materials can be utilized every day. The "Roll Model" program aims to decrease the risks of traffic crashes and preventable injuries and death. The Roll Model campaign includes child, youth, and parent pledges, information on fitting helmets, and parent and youth riding tips. You can access the materials here:

<http://www.trafficsafetymarketing.gov/CAMPAIGNS/Bicycle+Safety/Campaign+Materials>

New CDC Child Passenger Safety Fact Sheet

The CDC has updated the Child Passenger Safety Fact Sheet, which can be accessed here:

http://www.cdc.gov/motorvehiclesafety/child_passenger_safety/cps-factsheet.html
